

This trail looks at the animals among the aircraft.
Tick the boxes when you find them. Start in
Milestones of Flight.

We are looking for ducks.

Donald Duck is on the Mustang aeroplane.
Did you find him?

Yes

Lets' look for mosquitoes now.

Most mosquitoes are biting insects but ours is an
aeroplane. Can you spot it?

Yes

Can you find another bird?

This is a Harrier Hawk. Can you find the
aeroplane?

Yes

Move on to the Historic Hangars.
Did you see any other animals on the way?

.....
.....

Lets' look for beetles. This is a scarab beetle.
Our Scarab is a truck.
Can you find it?

Yes

Kangaroos come from Australia.
Can you find one?

Yes

Our kangaroo was painted on the aeroplane to
show it was flown by Australians.

What would you paint on your aeroplane?
Draw it in the space below.

We have a Bulldog at the museum.
Can you find it?

Yes

Our bulldog is an aeroplane; it doesn't need to be taken for walks like a real dog does.

We also have some bigger animals.
Can you find a hart?
Hart is another name for deer.

Yes

Our hart is a bit bigger as it is an aeroplane.

Only one more animal to find.
Can you spot a salamander?

Yes

Our salamander is red too. It is a fire engine.

Look for other animals as you explore the rest of the museum. Have Fun!
