Help us map local biodiversity by taking part in this fun nature hunt!

1. Take a slow walk around the outside space at the Museum (or take this sheet home and look around your local area)
2. Tick off each creature see on your journey
3. If you find a creature that isn't on this sheet, you can draw your own picture in one of the empty boxes at the bottom.

Be really careful when looking for little creatures so you don't disturb our homes. You're more likely to see us if you are quiet, move around calmly and keep your eyes peeled for movement!
