

How long is the experience?

The whole experience will last 2-3 hours, the game is 90 minutes but there is a briefing before you get started.

Where should we meet to start the game?

There will be a very special meeting place at the Museum, just head outside to the airfield and look for the big tent.

What age is this game suitable for?

The game is suitable for ages 5 and over, but younger players are also welcome to join us. They will need to register for a free ticket so we know they will be accompanying the team.

Does the game involve climbing stairs?

Yes, but there are lifts to access the spaces above ground level.

How fit do you have to be to do the game?

You will be on the move for 90 minutes, but there is no need to run during the game, and you can play at your own pace.

What do I get at the end of it?

Teams will be playing for the honour of becoming part of the Spitfire Academy, and to demonstrate their skills as a flying ace, a top-notch engineer or an Intelligence expert. Having said that, there will be a prize for the top scoring team.

Can I take photos?

Please do! But be mindful of other players as they might not want to be in the shot. If you take any photos we would love to see them on the Museum's social media. Just tag the @rafmuseum.

Can I change my booking?

If you need to change your booking, get in touch, and we'll see what we can do to help. If an event is not sold out, we may be able to move your team into that event.

Do I need to bring a device?

Bring a charged smart phone with data. You only need one per team. If no one on your team has a smart phone, let us know and we will provide you with one to play the game.

Can I bring any type of device?

You need a device that can be carried around with you as you play, that is charged (enough to get through the 90-minute experience) and that has data.

I don't have a device can I still do this experience?

If nobody on your team has a device, we can provide you with one to play the game. Please let us know in advance, if possible.

Can I do this on my own?

You can play the game on your own, and this can be a lot of fun, although we recommend playing in a team of two to six, as two puzzle brains are better than one.

Can my children do this on their own?

No, children under the age of 16 need to be accompanied by an adult at all times.

I use an assistance dog, can they accompany me on this experience?

Yes
